## Cookie Policy

Clinical Outcomes Solutions is committed to protecting you and any data (anonymous or otherwise) that we collect about you online.

By using our websites (through any device) you agree that this Cookies Policy applies to that use in addition to any other terms and conditions which may apply.

We reserve the right to make changes to this Cookie Policy. Any such changes shall appear here and become effective immediately. Your continued use of our websites is taken as meaning that you agree to any such changes.

### What are cookies?

Cookies are files containing small amounts of information which are downloaded to the device you use when you visit a website. Cookies are then sent back to the originating website on each subsequent visit, or to another website that recognises that cookie. Cookies do lots of different and useful jobs, such as remembering your preferences, and generally improving your online experience.

There are different types of cookies. They work in the same way but have some differences. We use the following cookies:

#### **Session cookies**

Three of the cookies we use are session cookies.

Session cookies last only for the duration of your visit and are deleted when you close your browser. These facilitate various tasks such as allowing a website to identify that a user of a particular device is navigating from page to page, supporting website security or basic functionality.

#### **Analytical/performance cookies.**

We use two cookies to track and report website traffic. This allows us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

If you would like further or more specific information about which cookies we use, please email us at [info@clinoutsolutions.com](mailto:info@clinoutsolutions.com)
